UM – Unidentified Male

IH - Isa Haxmoore

IH Hey, just met him. I'm not sure he'll make it in time, I think it will be close. 15:06

UM Yeah fair dinkum, what took him so long? 15:06

IH He said he dropped into the servo but I could have sworn I saw Macca's in his car. 15:07

IH Anyway, did you ever play eye spy as a kid? 15:07

UM Yeah, I did I was never any good at it though 15:07

IH .... (pause) Oh wait! I got one! 15:07

IH Eyespy with my little eyes, something beginning with "P". 15:08

UM You know this is a phone call right, I can't see what you are looking at... 15:08

Ih Oh right yeah... Well have a go mate 15:09

UM Yeah nah, I have no idea, lots of things start with 'P'. Can you at least give me a fair go, what about a hint? 15:09

IH Okay, it's go to do with (inaudible) 15:09

UM (pause) Is it a plane? 15:10

IH Yeah, one that'll touch down in about an hour 15:10

IH Before I go, do you have a means of transport? 15:10

UM Yeah I'll just take the train again, that's what I did last time. We ended up meeting under a bridge, took me forever to find it. I spent ages waiting at the bridge on Hull Road in Melbourne... 15:11

IH [REDACTED] 15:11

IH Alright, just wanted to confirm those details with you 15:11

UM Yes, that sounds like a plan. As we discussed earlier, I gave the decryption key to [REDACTED] on the USB earlier, they said they would meet you at the dead drop location 15:12

IH Catcha! 15:12

UM Cya mate 15:12
